

Māwhera National Salon of Photography

2025

Introduction

Welcome to the 2025 Māwhera National Salon of Photography, organised by the Greymouth Photography Club. This is our third year running the salon and we were thrilled to see so many returning entrants along with those entering for the first time.

This year we added an additional section, Photojournalism, to the five already offered. We were delighted that entrants took the opportunity to support the new section, providing yet more variety and inspirational images for all to enjoy.

We had another six excellent judges come on board this year; four from New Zealand and two from Australia. Without them be so willing to give their valuable time and expertise in evaluating the fabulous images entered, we could not have run our salon. A huge thank you from us!

As always, I would also like to acknowledge and thank my fellow salon committee members who all contributed to making the salon a success.

Last, but certainly not least, a heartfelt thank you to all 168 entrants for supporting our salon and sharing your wonderful images with the photographic community; we really appreciate it and look forward to welcoming you back again in 2026.
