

Māwhera National Salon of Photography

2026

Introduction

Welcome to the 2026 Māwhera National Salon of Photography, organised by the Greymouth Photography Club. This is our fourth year running the salon and we are delighted to welcome many returning entrants and those entering for the first time.

Entry numbers are up on last year, with 2,269 images being received from 170 entrants. The standard of photography is very high and this was commented on by more than one of our judges, which is very encouraging.

This year we were most grateful to have six highly distinguished judges from five different countries; New Zealand, Australia, Singapore, Canada and the United States of America. Without them giving so willingly of their valued time and expertise we could not run our salon, so to each of them we extend our heartfelt thanks.

A huge thank you to all who submitted images, we very much appreciate your support! Congratulations to those of you who were successful in having your work accepted, awarded ribbons and/or medals, and to our four trophy winners.

Lastly, I personally would like to acknowledge and thank my fellow salon committee members for their help in making the salon a success, and together we look forward to welcoming you all back again in 2027.
